Program Outcome of Three-year B. A. (Hons. and General) (CBCS)

The three-year B. A. (Hons. and General) program aims to not only impart knowledge but also to foster critical thinking, ethical values, and a sense of responsibility among students, preparing them for both personal and professional success while contributing positively to society. After completion of the programme, the following outcome will be achieved:

- Acquisition of Knowledge: Students will acquire knowledge in the fields of social sciences, literature, and humanities, making them sensitive and sensible individuals.
- Understanding of Traditions and Thinking: Undergraduates will be acquainted with social, historical, political, ideological, and philosophical traditions and thinking.
- Preparation for Competitive Examinations and Postgraduate Studies: The program empowers undergraduates to appear for various competitive examinations or choose postgraduate programs of their choice.
- Development of Human Values: The program enables students to acquire knowledge with human values, providing a base to deal with various problems in life with courage and humanity.
- Critical Thinking and Problem-Solving Skills: Students will be equipped to think critically and act towards finding solutions to various issues prevalent in human life, contributing towards making the world a better place.
- Experiential Learning: Project work provides students with hands-on experience to learn and experiment with theoretical knowledge beyond classroom walls.
- Motivation for Advanced Research: After completing the program, students will be motivated for advanced research when pursuing higher studies.
- Enhanced Employability: Completing the program enhances students' confidence and employability.
- Promotion of Social and Cultural Responsibility: The program includes various issues related to social and cultural responsibility, professional ethics, thereby providing a base for students to become responsible citizens.
