Clarification Regarding Calculation of Add-on Course titled "Basic Concepts of the Upanishads and Upanishadic Philosophy" in the Academic Year 2021-22 instead of 2022-23

This is to bring to your attention of an error regarding the calculation of an Add-on Course titled "Basic Concepts of the Upanishads and Upanishadic Philosophy" conducted at our institution by the Department of Philosophy. The said course was conducted between May 25, 2022 and June 25, 2022. However, the course was mistakenly calculated in the academic year 2022-2023, which should have been accounted for in the academic year 2021-2022. We request your kind cooperation in rectifying this mistake and adjusting the relevant data accordingly and oblige.

(Dr. Bibhas Chandra Saha)
