SUMMARY REPORT

OF

ADD-ON COURSE

**COMMUNICATION DEVELOPMENT AND
PROFICIENCY IN ENGLISH**

DEPARTMENT OF ENGLISH

PURBASTHALI COLLEGE

NAME OF THE COURSE

Communication Development and Proficiency in English

DURATION

Thirty (30) hours. The course started on 16.03.2023 and completed on 20.05.2023.

TOTAL NO. OF FACULTY MEMBERS TAKEN CLASSES

Four (4) faculty members took different modules/units of the course.

ADMITTED STUDENTS

37 (thirty seven) students were admitted to the course after admission.

ADMISSION PROCEDURE

The department of English provided an admission form for the course, and applicants submitted the same to the course coordinator along with the required testimonials and application fees. Following a verification process, eligible individuals were granted permission to participate.

MODE OF EVALUATION

As part of the assessment process, a written examination was conducted utilizing multiple-choice questions (MCQs) and viva voce. These methods were chosen to comprehensively gauge the comprehension and retention levels of the participants regarding the material covered. The MCQ format offered a structured approach to testing, allowing for the assessment of a broad range of topics within a specified

timeframe. Each question within the test was carefully crafted to encompass

various aspects of the subject matter, ensuring a thorough examination of the participants' understanding. This approach facilitated the identification of areas of strength and areas requiring further improvement among the candidates. Moreover, the multiple-choice format provided an objective means of evaluation, minimizing subjective bias in the assessment process. Participants were required to select the most appropriate answer from a set of options provided, thereby enabling a fair and standardized evaluation of their knowledge. Additionally, the use of MCQs allowed for efficient grading and feedback, streamlining the assessment process for both the evaluators and the participants. Detailed analysis of the responses aids in pinpointing specific areas of weakness, enabling targeted interventions to support further learning and development.

The personal interview served as a pivotal component of the assessment process for the add-on course. It provided a platform to gauge the participants' understanding, application, and proficiency in communication skills beyond mere theoretical knowledge. The pronunciation of the students were also assessed during the interview.

Overall, the utilization of a written test comprising MCQs and viva voce served as an effective mode of evaluation, facilitating a comprehensive assessment of participants' understanding while ensuring fairness, objectivity, and efficiency in the evaluation process.

CERTIFICATION

It was stated that the college would provide Course Completion Certificate to every successful student. It was seen that 28 students attended the classes regularly

and sat for the examinations. Accordingly, 28 (twenty eight) certificates were issued to the successful candidates duly signed by the Principal and the course coordinator.
